Wishful Thinking

India Summer

We've been waiting a long time to get some time with this yet-to-be porn legend, India Summer. Born in America's corn belt, this lithe beauty found her way out west to the land of big boobs and big dicks. She's decided to stay natural, but loves big dicks. So smart and sassy... read on.

Wishful Thinking

India Summer

Us: This can be a strange business on many levels. How similar are the real life you and your performing persona?

India: I think I was two different types of people, and maybe I was back when I working outside the business. I was doing some porn on the side, but now that it's my career I find that the difference has gotten smaller and smaller.

Us: Now that you're a little older and in the biz for a while, can you tell us what makes a performer go from being just a porn girl to a true porn star?

India: *chuckles...* I think there are three things... time, longevity and a loyal following that make a porn girl turn into a porn star. A

porn girl is someone that plays a single type of character, and that doesn't last too long in the business. She's probably just a chick that loves sex. A porn star, on the other hand, is one that will be willing to change her character enough so fans don't become tired of her. If she can do that and navigate all the BS that she'll encounter, then she should do well and last for a while. But those types are few and far between.

Us: If you could direct your own adult movie who would you cast and what would it be about?

India: I do direct my own porn every once in a while. I started with a few girl-girl scenes, then two boy girl scenes before feeling confident enough to get more

Wishful Thinking

India Summer

adventurous. As I got into more of the sex films I was already getting older and I started shooting MILF scenes. I like doing them the best because the ladies are more experienced and take direction better. I didn't do much of all that because for now I still like performing better. Directing more will come in due time.

Us: Many starlets tell us that it's often difficult to date outside of the business. Do you find that, too?

India: Yes, I do. First thing is for me to find the time to date. With my schedule, that may be once a month. Fortunately for me, I like both boys and girls, so the dating pool is huge. It's nice to be taken to a movie or a ball game with a guy where there is no expectation of sex because of who I am. I also like going shopping or gossiping with girls who are not in the business... about the business. It's a refreshing perspective.

Us: Here's one of our new go-to questions... have you ever fucked a fan?

India: I guess I would give you a qualified 'yes' because I have worked with some new guys that have wanted to get into the adult industry that where fans of mine so I cannot completely say no. I once fucked a hot 20 year-old who was a fan, and we soon became good friends and still hang out together.

Us: Back to guys for a minute. Do you like big dicks, I mean really big dicks?

India: Sometimes, but I, I mean my body has to want it be ready for it. You're woman, you should know. I have had so really big guys that do not know how to work it and it is just painful and uncomfortable. The best though was when I did three guys with huge cocks, did a DP with two of them, and the third in my mouth. Now that was really exciting, and I think I came three times, that's one for each of them. (*chuckles*) Smaller dicks are better for oral. I think I've mastered the art of the blow job and like to deep throat,

and I just can't do that with a huge dick – long or wide!

Us: Care to share some thoughts for those girls who want to get into the business?

India: First and most importantly, talk to people you respect, in and out of the business. Then find a reputable agent. Try a few scenes and don't be pressured to do things you are not comfortable with, because once you are a porn star you'll always be a porn star. You can't hide it. Everyone will find out.

Us: I appreciate you talking with us. And just for the record, I did once try a 10 incher. Ouuuccch. Never again!

Girl Talk:

Tips to Drive a Woman Crazy

Women spill all on what really turns them on

Attention to detail and a willingness to make fucking last are what perfect seduction is all about for most ladies. Why can't men control themselves when they're holding or lying next to a beautiful naked chick and they have a big hard-on? Most dudes can't, according to the majority of women interviewed in a representative sampling throughout the country.

"It all comes down to the simple truth that seduction by a guy should be a real art and not a two-minute fuck session," says Emily, a hot-blooded attorney. "I'm not talking about the long, drawn-out preliminaries like buying me flowers, buttering me up with gifts, and wining and dining me. In these days of sexual equality the guy shouldn't be expected to do that. No, all I ask is that my guy should force himself to take it easy and use his imagination.

"One of the most fantastic nights I ever had was with a guy I'll call Frank. We went up to his place and he turned up the music and lowered the lighting, and mixed a few drinks. Soon we were kissing like crazy and tonguing each other's mouths. I felt him gently unbuttoning my top and loved it. A moment later it was off and then off came my bra, even while we were still kissing.

"When I felt his hands cupping my breasts and gently rubbing my erect nipples, I knew it was going to be a perfect night of passion. Soon my jeans were off and I was stark naked and reaching for Frank's zipper. In seconds he was nude too and I was stroking his lovely cock. He reached for my pussy and we continued to stimulate each other by hand until I could tell he would come if I didn't stop, so I withdrew my hands and I was catching up with him fast. His tongue, roving around my clit, soon brought me to the most intense orgasm I've ever experienced, but that was only the beginning. He lay down on the bed and I willingly went down on him until he was just about ready to explode.

"Then I straddled him and let him thrust his shaft right up to the hilt inside me. We both came, me for the second shattering time. I let him rest for a few minutes, and then I gave it to him again with my mouth while he played with my nipples and made me writhe in ecstasy. In seconds he was hard again and this time I took him all the way in my mouth.

"After a few minutes of rest he began fucking me expertly me again, kissing me and fondling the entire length of my body and making me writhe with renewed desire. When his mouth returned to my clit for the second time I orgasmed within seconds, almost blacking out from the sheer pleasure of it all.

"Before Frank finished screwing me that night, I lost count of the orgasms I had. I blacked out on the last one, it was so mind-blowing. When I came to he was tenderly kiss-

ing my breasts, erect and ready to give it to me once more. Wow, did that guy know how to handle a girl! He was amazing.

"It all comes down to this: sex is only out of this world when it's pure fun for both partners and the guy plays his full part by giving the girl what she needs for reaching the perfect orgasm. The guy who tells me, 'Let's fuck, baby. I'm horny as hell,' well, he can just go and get lost as far as I'm concerned. I won't even give him a blowjob, which would probably take 30 seconds in his state. It's just not the way a woman wants her sex, to be treated like a vehicle for his pleasure."

Debbie, a graphic designer, says she prefers to have her sex in smaller doses. "I don't want a guy sweating and straining over me all night, just so he can come one more time.

"I like things nice and easy. I like to have some drinks with a guy first and then I want to do some kissing. If he's at all responsive, I can work him up in 10 minutes to the point where he'll pick me up in his arms and carry me into the bedroom. Then I want him to undress me and I'll undress him. We'll lie on the bed and start going at it.

"I think a lot of these exotic athletic positions in sex are

for the birds. I like a guy who will kiss my nipples, then kiss my belly all the way down to my pussy and tongue it a little, but not to the point where I have an orgasm. Hell, a girl doesn't need a dude to eat her pussy. The thing she craves instinctively and naturally is a stiff, hard dick inside her. I want to feel a guy's swollen cock in my pussy, and the sooner the better. That's how I get my kicks—from a guy who's concentrating on pumping his hard cock in and out of me.

"After he has come and I've enjoyed a good come, I like to lie back and sleep for a while. I'm not turned on by continuous fucking. Sure, I like to get laid about three times dur-

ing one night, but I don't want some guy pounding me all night long. Both of us will last a lot longer if we take it a little easier."

Expert breast-fondling is welcomed and yearned for by nearly all women, according to Lisa, an attractive bank teller.

"Most guys are completely clueless of the fact that small-breasted women like their boobs caressed for a while," she says. "Why? Because it gives them confidence and shows them a guy doesn't mind that they are not like some big breasted movie star. All girls enjoy gentle sex and nipple-teasing with fingertips and lips. In fact, there are many chicks that can come through prolonged nipple stimulation alone. Large breasts or small, the most satisfying form of nipple stimulation for most women is for a guy to make a circular motion with the palm of his hand on the tip of the nipple. This causes a great deal of sexual excitement.

"Another exciting breast technique I enjoy is for a guy

to place his erect cock between my tits as I squeeze them together. If he strokes his cock up and down between them, it can result in exquisite sexual enjoyment for both of us. I also enjoy lowering my mouth to the head of the cock as it emerges between my breasts, and either kissing it or taking it in my mouth while still holding it snugly between them. In other words, if a guy wants to see me climbing the walls with sexual desire, I prefer to have him pay close and loving attention to my breasts and nipples first.

"In many ways breast fondling is, to me, superior to fucking because it lasts longer and shows that my lover admires me as a woman. Quickie sex, which is all over in a couple of minutes, is a bore—even a nuisance to me."

Back in the day, women were shy and inhibited about expressing their sexual needs but no more. Straight-shooting about the sex techniques girls yearn for and what they wish a perfect lover would do in the bedroom have become refreshingly commonplace and insistent. And listening to what pleases the woman you are with can turn an average Joe into a super stud to her.

The consensus of opinion among vast numbers of women these days is that men are shortchanging themselves on sexual enjoyment, merely because they're afraid to suggest unusual but perfectly natural techniques that are yearned for by their partners. Typical are the comments of 19-year-old Jess, a student nurse, who recalls the famous quote that "men ought to behave more like rats." This sounded strange indeed until Jess explained:

"When a male rat goes after a female, she dives into her burrow and he performs a kind of dance outside. She has a good look and if she likes his style, out she comes and off they go. If she thinks he's a dead loss as a dancer, she won't go anywhere near him, and off he goes to try somewhere else. But the point is that he does the whole routine, expending precious time and energy just to get her interested in her. He can't buy her champagne or roses, but for a rat he's doing his best. And that's what matters. He's showing her he cares.

"Any guy I'm fucking can show me how he cares just by putting his hot lips around my nipples and sucking on them like they're the last thing he will ever taste. It amazes me why a woman's nipples are so much neglected during sex when guys drool over them so much. Sucking on them for a few minutes or so instead of just a few seconds can make a woman's pussy as wet as a swap. And when that happens I want my little nub to be carefully caressed by one of my lover's hands. Then, when it's nice and knobby, I like some oral foreplay. I go wild when a rough, rasping tongue is playing around my pussy and flicking over my clit. That's sure to get me screaming for more.

"Unusual sex turns me on too. I just wish that guys would ask for it instead of just dreaming about it. Doing it while standing up in a hammock, for instance, can be really wild. Or in an elevator inside a busy office building. You both get in at the ground floor and begin to strip in a hurry. By the time you reach the upper floors you should be naked and banging away like crazy, for a mutual orgasm before you get to the top floor. Those looks you get as the doors slide open

at each floor act like an aphrodisiac. The turn-on you get is awesome.

“My boyfriend and I did it once inside a museum. We climbed up on an empty plinth and began to fuck. Every time anyone walked past we kept quite still until they were gone. No one tried to stop us. I think they thought we were a statue by Rodin. Crazy moves like that keep me happy and hungry for more. I just wish there were more guys with the guts and imagination to initiate them.”

Obviously not everyone craves such kinky sex. Some are turned on by guys younger than themselves; others prefer older lovers. Some plead to be taken all the way after being exposed to candlelight and soft music; others like crowded cocktail bars. Many chicks are stimulated by tenderness, yet others won't budge an inch out of their panties unless that guy demonstrates his masculine dominance by tearing them off.

“I dig the cool guys who know exactly what they are doing,” says Kathleen, an equity analyst. “I've had sex with a lot of different dudes, but unlike other women I know I never get turned on by those who drool over me.

“My favorite time was with a coder from Seattle, a wiry, muscular guy who seemed to be completely uninterested in me at first. It was a kind of challenge, so I really went to work on him for the first time in my life with any guy. But he just wouldn't get excited, even when I ground my pussy into him when we were kissing, or when I rubbed my breasts against his bare chest.

“Then I started thinking that he must be gay or something. He was so nonchalant, but somehow I was turned on by him and wanted him to take me. Then one night he walked into my apartment just as I had stepped out of the shower. He took one look at me, stripped down within seconds, reached for me and threw me on the bed.

“He had a hard-on that looked like tree trunk, and he took me as soon as I hit the mattress. I was so surprised I didn't move a muscle to stop him, and by this time the thrill of it all was making me tremble with anticipation. He was so skilled that he made me feel like a real woman, someone willing to give herself willingly to her man. It was awesome; the best sex I've ever had, and yet there was no foreplay.

“We fucked three times in one hour on that first time. He was a real take-charge guy, and that's what I loved about him. I can't describe the feeling I get when I'm getting fucked by a dominant man who never asks her if she wants it. He just gives it to you and it's amazing.”

Laura, a dancer, spurns a guy who plays caveman and comes on too strong. She prefers to get the feeling she's being seduced. “I mean, I want a guy to want me so much that I can taste it. That's the only way I can respond to him totally.

“Too many guys are crude. They let you know right from the start that the only thing that interests them is how fast they can get into your pants. They don't make a girl feel sexy and desirable. They make her feel only like a sex object; a piece of meat to be devoured.”

Taylor, a swimming instructor, thinks oral sex is the thing that will turn most women on if guys will insist on it kindly

but firmly. “It's great for the entire female sex,” she proclaims, “because it enables a girl to satisfy the horniest guy ever to get a hard-on in a few minutes without even getting her hair messed up. No girl wants to fuck every time, and the urge for it is way more persistent in guys than in the girls. “That's why oral can be so great for women. Men enjoy it just as much as fucking, and after having it they don't usually insist on straight-up fucking. Most of them are too pooped to manage both anyway.

“It's the younger ones that go for oral in a big way. It's a question of avoiding pregnancy without using any contraceptives. The kids I know prefer prolonged oral sex, which can be even more satisfying for guys. The position I like to do with my boyfriend is with him kneeling on the edge of the kitchen table with his knees apart. His height for sucking him off is just about perfect.

“I can see his face all the time I'm working on him, and can tell just how near he is to coming. I ease off it as I feel his cock throbbing too much, giving him the old squeeze-around-the-head to stop him from coming too fast. In that way I can prolong his pleasure so much that he's now beginning to prefer it to fucking.

“We both like this position because it's also easy for him to lean forward while I'm working on him, and he can reach under me to feel my breasts and rub my nipples. Few women like to perform oral without having their breasts stimulated, and few guys can resist reaching for tits that are hanging down.”

Or even hanging out, Taylor might have added, thus emphasizing what uninhibited women believe in letting happen these days—and what they want from their men.
